NATURE OF SPACE ASSIGNMENT

The assignment of space to an exhibitor is not to be construed as a leasing of property. It is merely the granting to the exhibitor of a license to enter upon the designated space for the sole purpose of exhibiting products in conformity with these Rules and Regulations and subject to the terms of certain leases between the KEC as lessors, and Exposition Management, as lessee, for the period of ICUEE 2017.

ASSIGNMENT OF EXHIBIT SPACE

PRIORITY FORMULA

The Priority Formula is used in a number of matters including the assignment of exhibit space. It is as follows:

$$\begin{array}{rclcl} \text{Years of Membership} & + & \text{Total SF in 2015 Exposition} & = & \text{Priority} \\ \text{X2} & & 100 & & \text{Number} \end{array}$$

Definition of Membership Number – Exposition Management chooses the company/division with the greatest number of years in AEM. An exhibitor must be a current member in good standing of AEM in order to have its years of membership used in calculating the membership number.

Definition of Past Participation Number – Exposition Management uses the total square footage purchased by an exhibitor for ICUEE 2015. If a company acquired another company(s), the parent company can use the newly acquired company(s) space.

All exhibit space assignments will be made by the ICUEE Exposition Management. Every attempt will be made to accommodate exhibitor space requests. Exposition Management will take into consideration an applicant's size requirements and product type. The first assignment of exhibit space priority will be based on the above mentioned priority formula. The ability to meet an exhibitor's request for a specific location will be based on the availability of space within the product concentration area at the time of receipt of the signed application and deposit. Every effort to accommodate an exhibitor's request for a particular product concentration area will be made by Exposition Management.

Outdoor Exhibitors

The first assignment process is as follows:

- All ICUEE 2015 outdoor exhibitors with space 5,000 square feet or larger, that have submitted their applications and 50% deposits in by July 15, 2016 will be offered to be able to select their 2015 space; (Show Management retains the right to adjust space offered to optimize show layout).
- All ICUEE 2015 outdoor exhibitors with space 4,999 square feet or smaller, that have submitted their applications and 50% deposits in by August 15, 2016, show management will discuss options for occupying same space or similar locations. (Show Management retains the right to adjust space offered to optimize show layout)
- After August 15, 2016, all other exhibitors returning their application and 50% deposit will be assigned on a first-come-first serve basis.

Indoor Exhibitors

The first assignment process is as follows:

- Priority exhibitors requesting indoor space with spaces 400 square feet or larger, have submitted their applications and 50% deposits by August 15, 2016 AND 10 priority points will be assigned a date/time to select their space location within their product group.
- Priority indoor exhibitors requesting spaces less than 400 square feet and that have submitted their applications and 50% deposits by August 15, 2016 will be assigned space based on their priority number.
- After August 15, 2016, all other exhibitors returning their application and 50% deposit will be assigned on a first-come-first serve basis.

No applicant will receive an assignment of space unless the application is signed and payment has been received based on the following schedule:

- Applications received prior to April 30, 2017 must be accompanied by 50% of the total cost of exhibit space.
- Applications received on or after April 30, 2017 must be accompanied by full payment of exhibit space.

Exposition Management will make every attempt to accommodate every request for space, including the preferred product concentration area and stand dimensions. In the event that all of the available space has been assigned, a waiting list for space will be kept. When an opening becomes available, exhibit space will be assigned based on the date the application was received.

REMANUFACTURED AND USED EQUIPMENT

Remanufactured equipment and components may be exhibited by the Original Equipment Manufacturer (OEM) of that product or products for the purpose of showing the role of remanufacturing in the OEMs business. Exhibitors may not exhibit in their space any used equipment, except, (1.) remanufactured equipment as explained above or (2.) equipment produced by the exhibiting company that has a historical theme or background.

SUB-LEASING OF EXHIBIT SPACE

The exhibitor agrees not to reassign, grant, sublease or license the use of space, or any part thereof allotted to them. Exhibitors are not permitted to display separately in their space any equipment, components or products built by non-exhibiting manufacturers or other non-qualifying divisions of exhibiting manufacturers (hereafter “non-exhibiting manufacturers”), unless the space shared is with a member of good standing of one of the principal sponsoring associations.

If a component made by a non-exhibiting manufacturer is normally furnished as an integral part of the equipment being exhibited, the exhibitor of the equipment may include the component but cannot call any special attention to it. If equipment made by a non-exhibiting manufacturer is normally furnished as an integral part of the component being exhibited, the exhibitor of the component may include the equipment but cannot call special attention to it. (Please see “AEM Membership Information” for rate clarification on page 4.)

SHARED EXHIBITS

Exhibitors must notify Exposition Management of their intent to share their allocated space. If an exhibitor does not notify Exposition Management, Exposition Management will take action described under the “Penalties for Violation of Exposition Rules”.

EXHIBITS

Exhibits are permitted only in the official exhibit areas of the ICUEE 2017 Exposition.

NO OTHER EXHIBITS

ICUEE 2017 exhibitors will not exhibit or participate in any exhibit within 100 miles of Louisville during the period of the Exposition or product demonstration hours.

STORAGE AND PACKING MATERIALS

The storage of packing boxes, crates, etc. for the duration of the Exposition is included in the drayage charges. If drayage charges have not been applied, a time and material charge may be assessed to pick up, store and return packing boxes, crates, etc. Proper identification tags will be available at the Freight Desk. Two (2) of these tags must be attached to each piece to be placed in storage. All flammable packing materials such as paper, straw, etc. must be totally enclosed in containers. Materials not complying with these requirements will be considered refuse and disposed of by the cleaners.

UNOCCUPIED EXHIBIT SPACE

Should an exhibitor’s space remain unoccupied after 5:00 pm on Monday, October 2, 2017 or should the exhibitor fail to make payment in full by the invoice date of the final payment, Exposition Management reserves the right to resell the previously assigned exhibit space to another exhibiting company or utilize the space as it may see fit.

In performing work for their clients, the EAC shall cooperate fully with the Official Contractors and shall comply with existing labor regulations or contracts as determined by the commitments made and obligations assumed by Exhibition Management in any contracts with the Official Contractors.
